Events & Other Activities

1. Celebration of National Science Day, 2021

The national science day was celebrated on March 02, 2021 in VECC. Due to the pandemic situation, the event was organized virtually. This year, the students of class IX to 1st year college were invited to participate. The main theme of the celebration was *"Future of STI (Science, Technology and Innovations): Impacts on Education, Skills, and Work"*.

A total of 50 students participated in the National Science Day 2021 celebration at VECC from different parts of our country. The programme started at 11:00 am with welcome addresses by the Dr. Sarbajit Pal. From 11:05-11:40, Dr. Sumit Som, Director VECC, delivered a lecture on Medical Cyclotron Facility and isotope production for PET and SPECT scan. Next a new video on Cyclotron facilities in VECC was shown to the participants. After the Video show, Dr. Subhasis Chattopadhyay delivered an webinar about the Mega Science around the World. The students were mesmerized by learning about the recent research activities and asked several questions to quench their query.

After the lectures, the students participated in a debate competition where the topic was *"Development in Nuclear technology is the only way to improve Science Technology and Innovation"*. Dr. Biswajit Sarkar, Sarmishtha Bhattacharya and Dr. Shashi Chandra lal Srivastava were invited as judge. Around 16 students took part enthusiastically in the competition speaking against and for the motion. All the participants have been gifted with a book on Homi Bhabha, cap, pen and a certificate sent over speed post at their home. Apart from the above items, the dabate winners (1st, 2nd and joint 3rd) have been presented with several scientific books.
