

## WORLD ACADEMY OF CERAMICS

September 13, 2021  
CH 011/2021

Dr. Avesh Kumar Tyagi  
Chemistry Group  
Bhabha Atomic Research Centre  
Mumbai 400 085 - India

Dear Dr. Tyagi,

one of the main objectives of the World Academy of Ceramics is to reward and honor individuals who have made an international renown significant contribution to the advancement of ceramics culture, science and technology.

The election procedures for the new members of the Class “Science” for the 2022 calendar year have been recently completed. Among the several candidatures submitted worldwide, 14 were accepted.

I am most pleased to inform you that you have been proposed for appointment to Professional Membership to the World Academy of Ceramics by Prof. Dr. Sanjay Mathur and referenced by Prof. Ajayan Vinu and Prof. Lalit Mohan Manocha.

Your candidature was evaluated by the “Nomination Committee” headed by Prof. Monica Ferraris, its suitability agreed by the Advisory Board of the Academy chaired by Dr. Mrityunjay Singh during the meeting held on July 29, 2021 and provisionally approved by the Academy Council on August 11, 2021.

Thus, on behalf of the Council of the World Academy of Ceramics, I am honoured and pleased to invite you to enter the World Academy of Ceramics as a Professional Member (Academician) of the Class “Science”. For your convenience, you may check the updated listing of Academicians as well as the Academy Statutes at [www.waceramics.org](http://www.waceramics.org)

The appointment as Academician is merely honorary and rewards the personal merits in the field. The status of Academician does not involve specific duties or obligations on the part of the Member. Nevertheless it is expected Academy members to take part in the activities of the Academy and in its Board and Committees.

You will be officially awarded the Academy Diploma during the Inaugural Session (Monday, June 21 morning) of CIMTEC 2022, to be held in Montecatini Terme, Italy on June 20-29, 2022.

I expect you will plan to attend CIMTEC 2022 in order your affiliation to the Academy is finalized.

If you agree to enter the Academy as a Professional Member of the Class “Science”, please let me have, as soon as possible, your written acceptance by completing and returning the attached form by e-mail. This is needed in order to present your candidature to the final (formal) approval by the Academy Council. The same will also be used at the appropriate time to update the Roster of the Academy Members. Please let us have also your coloured half-length photograph.

Kindest personal regards

Prof. Pietro Vincenzini  
Chairman of Council

A handwritten signature in black ink, reading "Pietro Vincenzini". The signature is written in a cursive style with a large initial 'P' and a long horizontal stroke extending across the first name.
