

INDIAN LASER ASSOCIATION

CERTIFICATE

This is to certify that the poster on High precision measurement of effective thermal expansion coefficients of low-coefficient of thermal expansion (CTE) materials using low-coherence interferometry.

authored by K. K. Malakar et al.

belonging to RRCAT, Indore

*was adjudged as **one of the best posters** presented during the DAE-BRNS National Laser Symposium (NLS-31) held at Indian Institute of Technology Kharagpur, Kharagpur during December 3-6, 2022.*
