CERTIFICATION

Extended Profile: 3.3 Number of sanctioned posts year-wise during last five years

The CIs/OCC of HBNI are either R&D units of DAE or autonomous Grant-in-aid (GIAs) institutes of the DAE. Of the 11 institutions, the following have a fixed number of sanctioned posts for faculty.

- (i) Saha Institute of Nuclear Physics, Kolkata
- (ii) Institute of Physics, Bhubaneswar
- (iii) Institute of mathematical Sciences, Chennai
- (iv) Harish Chandra Research Institute, Allahabad (Prayagraj)
- (v) National Institute of Science Education and Research, Bhubaneswar

The no. of sanctioned posts in these institutions has remained constant during the period 2014-15 to 2018-19.

As regards other CIs (BARC, IGCAR, RRCAT, VECC, IPR and TMC), Scientific Officers/ Medical Officers recruited by DAE are given the title of faculty by HBNI after due process of scrutiny and approval by Academic Council. The number of sanctioned faculty posts in these institutions is accordingly taken as equal to the number of active faculty in the respective institute, at a given point of time. (The same approach has been adopted during the earlier accreditation). Therefore, due to new induction and retirement, resignation, etc., the number of sanctioned posts in these institutions are variable.

The calculation of total number of sanctioned posts for HBNI for each year was carried out by adding the number of active faculty in these institutes to the number of sanctioned posts in the five GIAs mentioned before, and the number of faculty at the Central office.
