Subject: 5.2.2 Data on placement of HBNI outgoing students

While HBNI has data on the placement of the students with regard to the organization they join, the details of pay package are not made available to HBNI. Accordingly, the information provided in 5.2.2 against the name of the student represents the minimum prevalent pay for the category to which he belongs.

1. All PGDNSE, M.Tech, MSc(Engg) and M.Phil students are either on their way to employment in DAE units or already employees in a DAE unit.

For all above cases, the pay package at appointment is shown at the minimum of the salary package of a Scientific Officer (C) grade.

2. A significant number of Ph.D students are also DAE employees, who are usually in the grade of Scientific Officer (D) and above at the time of enrolment.

For all above cases, the pay package at appointment is shown at the minimum of the salary package of a Scientific Officer (D) grade.

3. For all students getting placed in an academic institution as a faculty, the package shown is the minimum prevalent package of an Assistant professor.

4. For all students joining an academic institution abroad, the package shown corresponds to a figure of 2500 US dollars.

5. The pay package in respect of students joining private organisations is not disclosed to HBNI. In all such cases, the package indicated is the best estimate based on prevailing trends.

However, it is expected that all the alumni will be receiving packages much higher than the amounts mentioned in the data sheet.

(D K Maity)
Convener, HBNI Placement Cell
