### Online Education

1. Does all programs/courses were completed on time.	No		
2. Measures taken to complete the syllabus of courses and programs.	All eleven CIs/OCC of HBNI have infrastructure to have online mode of education. After nationwide lock down due to spread of pandemic, the course curriculum for Ph. D., M.Sc., M. Tech. and other Diploma programmes were completed through live and interactive online classes. All the classes were taken online using either Webex, Google Meet or Zoom platform. For most of the courses, the class notes were prepared before the class and shared with the students to ensure efficient usage of time during the classes. Given that students cannot avail library facilities, class notes and other required materials were shared generously with the students. Teachers took additional time to take care of any online-class issues, delays etc., to ensure the material is not only covered, but done so with minimal difference as compared to in-person classes. It was observed that the students participated enthusiastically in the online classes and especially sharing of the class notes prior to the classes was found to be extremely useful in focusing on the teaching, with the students prepared with the topics. Overall, online teaching was successful. Our class sizes are small, and online classes proved to be an effective mode of teaching. All experiments were done by conventional way by attending laboratory following COVID protocols. Classes were held with the same regularity as offline classes. The examination for these courses were conducted through conventional mode strictly following the norms for the prevention of spread of COVID-19. Faculty members were continually evaluating the students' progress through assignments, quizzes and online examination at the end of each module. The Yearly Progress review meetings and Reading Course Evaluations for the scholars were conducted through either online or conventional modes depending on the convenience of the respective Doctoral Committees. Many of the PhD students completed defense through online mode as movement was restricted for quite some time during this period. HBNI floated an online portal (www.anuvidhya.in) so that students can upload all their documents to avoid delays in submitting the records to University. This helped HBNI to declare their results on time. Majority of them received their degrees on time and some of them have already joined national/international laboratories as post-doctoral fellows. All the students at Tata Memorial Centre (TMC) pursuing DM/MCh/MD programme continued their academic programme as usual while performing their clinical duties.		
3. The period of delay in completion of syllabus (in months).	2		
4. The period of delay in conducting exams (in months).	2
